

CLIMATE CHANGES – LOCAL TO GLOBAL

PORTUGAL

REMEMBER:

Your actions make all the difference!

CAUSES

- emission of polluting gases into the atmosphere
- unsustainable forest management
- Chemical Fertilizers
- burning fossil fuels
- Climate change is happening because of us.

What can we do?

- Leave the car at home: Walk, ride a bike to school or use public transport
- Reduce energy use by turning off lights when leaving a room
- Save water by turning off the tap while brushing teeth
- Protect green spaces
- Cut consumption and waste: reduce, reuse and recycle
- Turn to renewable energies

EFFECTS

- Greenhouse effect
- Melting ice and rising seas
- Floods and decreasing water resources
- Extreme weather
- Risks for human health
- Species extinction
- Shortage of food supplies

When you take a minute to think about it, you get really worried and need to do something about it. So **Act!!** Even if **Small**, you can **Make a Difference.**
